

ROCK RIDGE 2015 SUMMER STAFF OPPORTUNITIES

Rock Ridge Trail Guide Description

The Rock Ridge Trail Guide position is a unique experience. It allows individuals to become proficient in primitive wilderness camping and Christian leadership. Guides will facilitate groups of up to eight people through Minnesota's Boundary Waters Canoe Area Wilderness on weeklong voyages or during a week of Adventure Camp based out of camp while groups take a new adventure each day including rock climbing, canoeing, hiking and more. While on trail, Guides will help groups engage in nature, grow in faith, and share with one another. Guides will be relating with and leading a wide range of people including Christians of varying denominations and non-Christians, as well as various age groups, ethnicities, and backgrounds. Each Trail Guide will facilitate three to five trips per season, in addition to a staff-training trip. The trip schedule will most often alternate between one week spent on trail and the next at the base camp. The off trail time is spent preparing for upcoming trips, resting, and participating in the base camp community. While an enthusiasm and interest in outdoor living is essential, it is not necessary to possess wilderness experience prior to working with Rock Ridge. Trail Guides go through an extensive training process to learn all the necessary skills.
